RJI no. _____

The following papers are on file with the Clerk of the County of _____:

(This is a list of the collection of papers filed by the clerk of the court, which in upstate New York is the county clerk. It is filed when the clerk enters judgment, and usually the responsibility of preparing the judgment roll is on the party who received judgment in his/her favor. Papers include pleadings, proofs of service, exhibits, transcripts, orders, and judgment. This requires making sure that all are on file with the clerk, as some of the papers may have been sent directly to the judge.)
